*The Board of The Vetiver Network Certifies  
Vetiver Toscana*

*As Professionally Qualified and Proficient  
In Vetiver Systems Applications For  
Nursery Propagation and Supply &  
Soil and Moisture Conservation (On-Farm)*

*...etious perennial grass. The  
plant grows in large clumps  
from a much-branched root  
stock with erect culms 0.5-1.5m  
high.*

*Richard G. Grimshaw - Founder*

*...grass known in the 18th C.*

*"Vetiver grass is widely used  
throughout the tropics for  
planting on the contour as an  
anti-erosion measure, for  
protective partitions in terraced  
fields, and as a border for  
orchards."*

*Paul Truong - Technical Director*

*...Tropical Crops, Melanesia*
